

Employee Health Plan (EHP) Resources

Cleveland Clinic EHP Website

This is your resource for all medical, pharmacy and Healthy Choice program information, plus much more.

My Plan and Benefits

The Cleveland Clinic EHP offers members comprehensive medical and pharmacy benefits that include access to the entire Cleveland Clinic and Quality Alliance network of providers with low out-of-pocket costs.

AccordantCare

The AccordantCare program is offered by EHP and Accordant to help manage rare or complex conditions. It's a benefit that's part of your Cleveland Clinic medical plan, which allows you to talk to a nurse anytime, day or night. Because it's part of your benefits, there's no additional cost to you.

Viewing your Health Plan ID Card

Your health plan ID card is needed to make medical appointments, get prescriptions, sign up for EHP wellness programs, or create an account on the Healthy Choice portal. Once you have elected your health plan coverage in Workday, it takes 4-6 weeks to receive your new card in the mail.
